FROGGYADS TRAFFIC QUALITY

# Traffic Quality & Brand Safety

How FroggyAds screens traffic and gives you source-level control over what you buy.

## SCREENING

### Clean traffic by default

#### Adscore filtering

Every impression is screened for bots and low-quality traffic before billing.

#### Invalid traffic protection

Suspicious patterns are blocked so your budget reaches real users.

#### Source-level reporting

See performance by source ID and compare placements on the same terms.

#### Whitelist / blacklist

Lock in winning sources and exclude the rest at the source-ID level.

## OPTIMIZATION WORKFLOW

- 1 Launch across several sources
- 2 Read performance by source ID
- 3 Whitelist winners, blacklist waste
- 4 Let SmartCPC weight bids and scale
